SERAPH YOUNG AWARD OF EXCELLENCE

As a young school teacher, Seraph Young made history on February 14, 1870 in Salt Lake City, Utah, when she became the first woman to vote under an equal suffrage law in the United States. It is in her name that Better Days is now accepting applications to honor Utah teachers with the Seraph Young Award of Excellence. This award will be given to two teachers who are committed to teaching students about Utah women's contributions to our communities and to our state, inspiring a new generation of young people to follow in the footsteps of the women who came before them. Submit your application by **February 5** at the link below.
